## We offer ....

- The same quality and integrity required for accredited human DNA testing.
- Reliable results
- The lowest fees
- The fastest turnaround
- A friendly knowledgeable staff

Testing is performed in our 68,000 square foot state of the art facility. We have performed over half million DNA test for clients in all 50 states and over 70 countries.

## How to begin

Send in your application , we send your vet a DNA test kit once testing is complete, we mail you your certificate of registration.

## Sample Collection

Collecting samples is quick and painless . There is no need to collect blood to achieve accurate results.

We will provide your local vet with the sample collection kit that contains 4 Buccal swabs for each bully being tested these are the same swabs used for collecting human DNA samples.

## About us

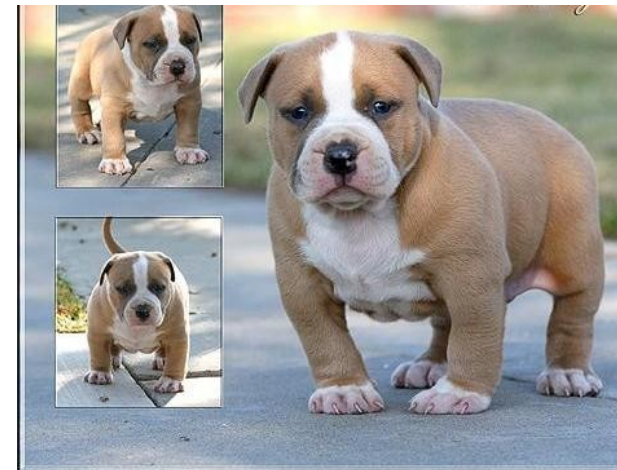

Bully united kennel club, is the worlds largest and most experienced laboratory for private DNA testing. The BUK is accredited by AABB, CLIA, NYS-DOH, NSFTC and Is ISO certified. Our laboratory directors all hold doctorate degrees in DNA technology and are licensed for testing.
